**Description :** Description du produitFor the first time, in a book, the secrets that have made the completely revised Evelyn Wood learning program so effective and popular are revealed so that the general public may enter this incredible and dynamic learning process.

Prsentation de l'diteurLearn how to read more quickly--and absorb more of of the information you are

reading--with Remember Everything You Read. For the first time the secrets that have made the completely revised Evelyn Wood learning program so effective and popular are revealed. Remember Everything You

Read not only teaches you how to increase your reading speed--all the while improving your comprehension--it also features tips and tricks to improve your study habits, more effectively take notes, and write papers, among others. It will become an invaluable resource for students, parents, teachers, and anyone looking to read--and comprehend--in a faster, more efficient manner. From Library Journal The subtitle more accurately describes this book's contents. Frank offers in book form what has been available in courses and in computer software under the Evelyn Wood name. The techniques cater to secondary and college students who are professionally oriented. Chapter headings like "Supersonic Writing" deliver techniques based on research. This manual, used as a study guide, can help students, parents, and teachers to be aware of their own knowledge and to monitor their learning for understanding. The International Reading Associations' Research Within Reach, edited by Donna Alvermann and others (1987), calls this approach metacognition, but the ideas are the same. The book includes sections on exams and papers, hand movements, and graphic organizers.- Nancy E. Zuwiyya, Binghamton City Sch. Dist., N.Y. Copyright 1990 Reed Business
