Description :

Prsentation de l'diteurFor thousands of years, the Chinese have used the principles of Feng Shui to enhance their lives. At last, these powerful techniques have been translated into this practical and thought provoking book for people in the western world, called The Western Guide to Feng Shui, Creating Balance, Harmony and Prosperity in Your Environment. In this comprehensive guide, acclaimed Feng Shui teacher Terah Kathryn Collins explains why the arrangement of your home and workplace affects every aspect of your life, including your relationships, your health, and your finances. This informative book takes you on a step by step journey through your home and office, opening your Feng Shui eyes to see the problems and the solutions in your environment. Alive, connected and dynamic...Feng Shui views your home or workplace as a living entity that you are either in harmony with or in discordant partnership with. When you honor its aliveness, recognize its vital connection with the quality of your entire life, and make the changes that keep it fresh and alive, it remains a delightful place to be. It nurtures, protects and supports your growth and movement through life.Midwest Book For thousands of years, the Chinese have used the teachings of Feng

Shui to enhance their lives. Now, these powerful principles are translated into a practical and thought-provoking guide for people in the Western world. Kathryn Collins is an instructor in Feng Shui and she explains why the arrangement of your home and workplace affects every aspect of your life, including your relationships, your health, and your finances. She takes you on a step-by-step journey through your own home and office, opening your "Feng Shui eyes" to see the problems (and the solutions) in your physical world. The Western Guide To Feng Shui is a fascinating collection of many stories about the positive changes that have occurred in people's lives after making Feng Shui adjustments. The Western Guide To Feng Shui is highly recommended for all metaphysical reference book collections.
